  5. Kenley Observatory Manager's report.
  6. Group Visit report.
  7. Astronomer's report.
  8. Membership report.
  9. Chairman's report.
  10. Question from member Kevin Phillips to the committee:

"I was at Kenley the night that we discovered that a society telescope which was donated seemed to be left in the small dome.

I have known for some time that the small dome had some issues and Steve Sumner was trying to resolve it.

Because it was left there mildew and mould has made a right mess of it.

I am not too sure if the committee was aware of this or not, but if they had no idea, then who's idea was it in the first place to put it there? And who will pay for the clean up? In my opinion the members should not have to pay for any cleaning or damage to this scope, but whoever did should take care of it."
  11. Statement of the members of the committee for 2018-19.
  12. Appointment of auditors for 2018-19.
